

# ESET Inspect Connector (EIconnector) - Instalacija putem ESET Protect konzole / servera

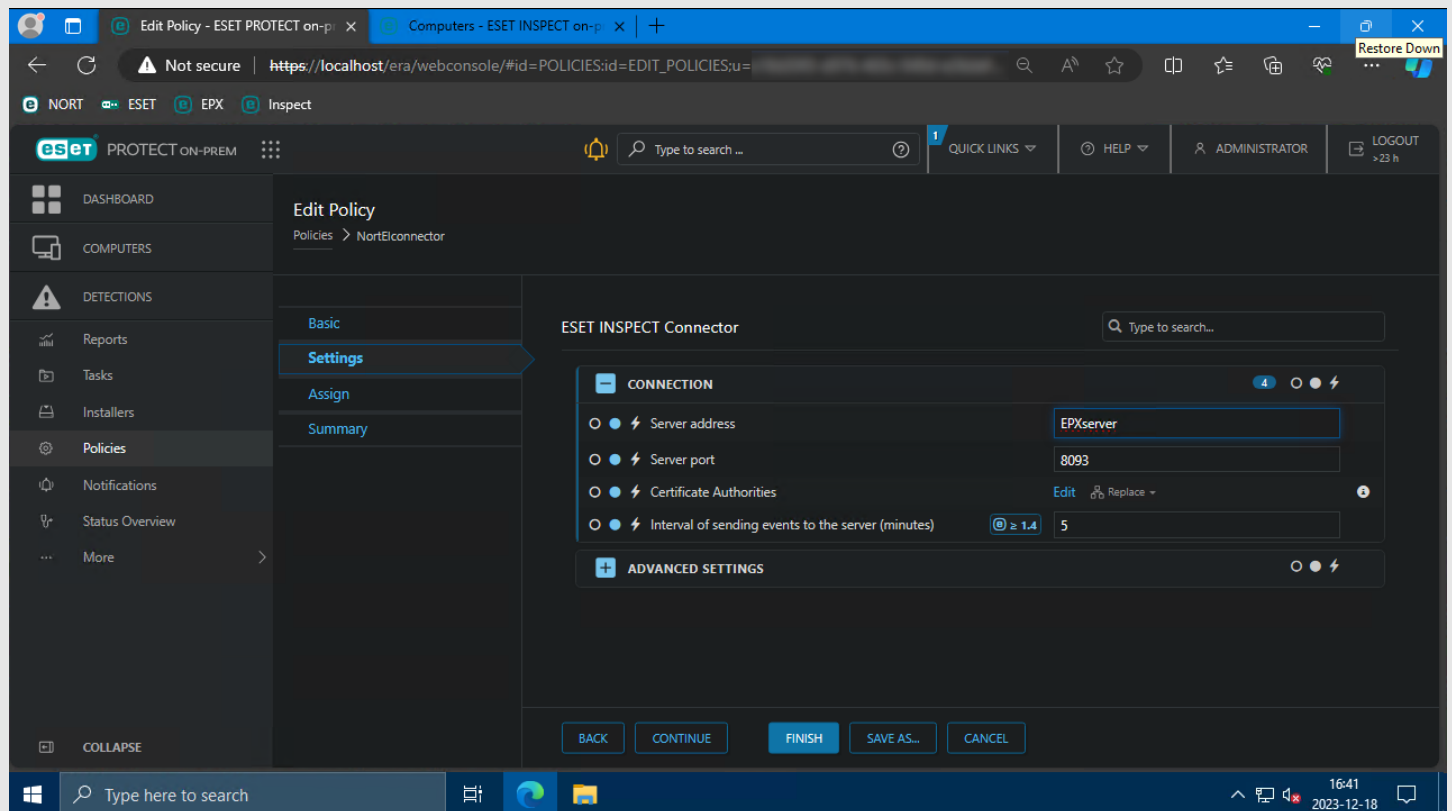

## Tema

Kako instalirati ESET Inspect Connector (EIconnector) na udaljeno računalo korištenjem ESET Protect konzole / servera.

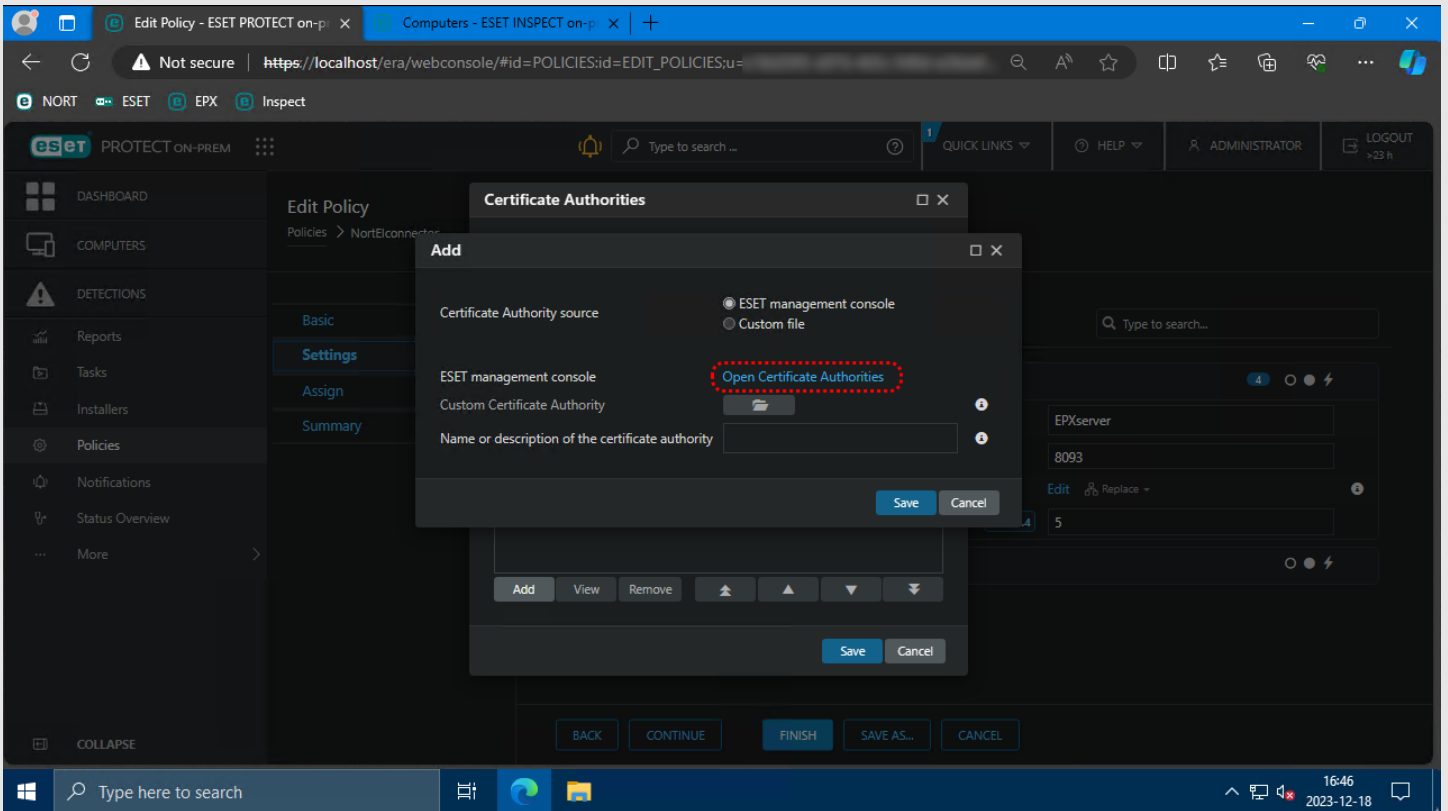

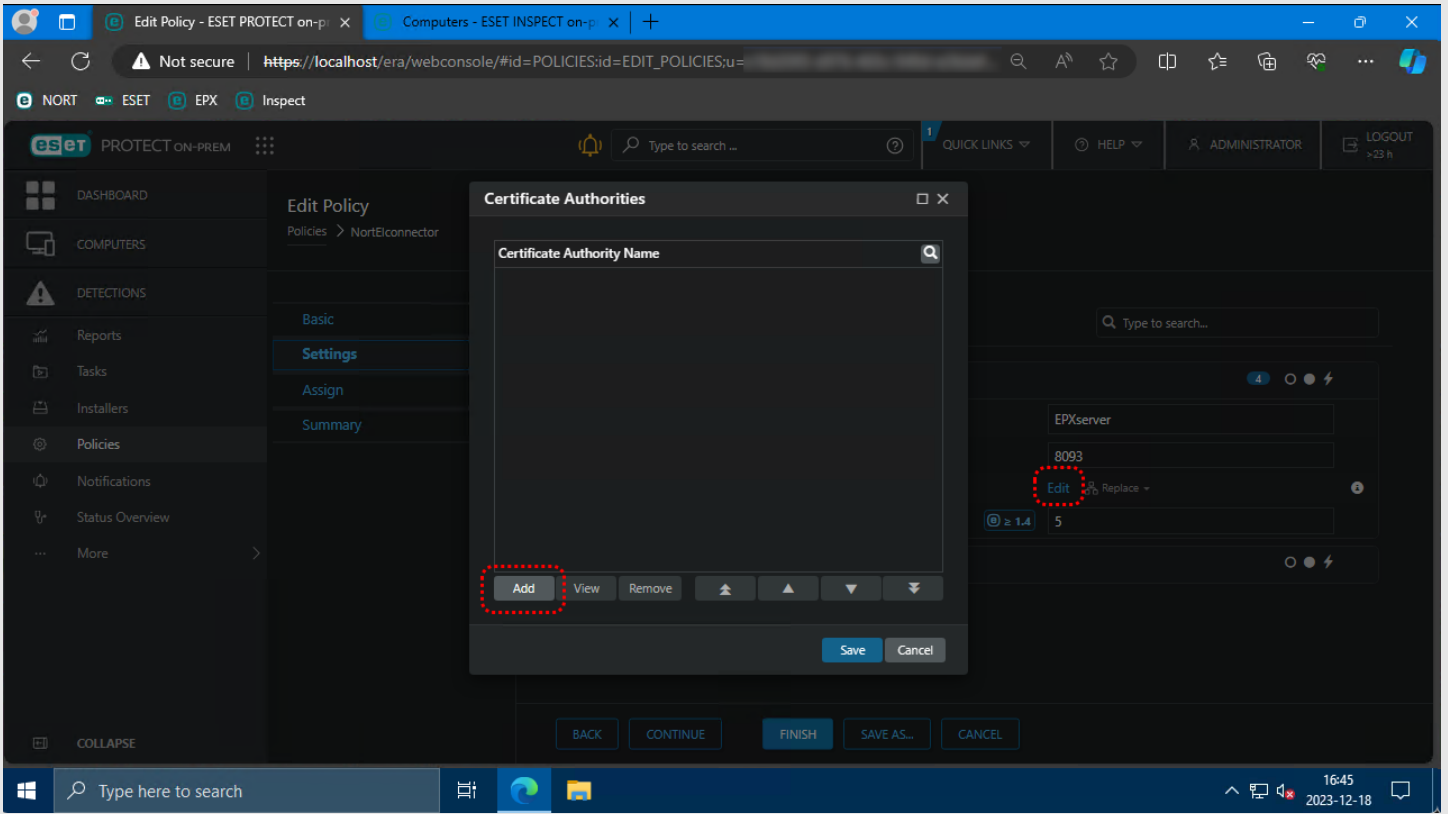

## Postupak

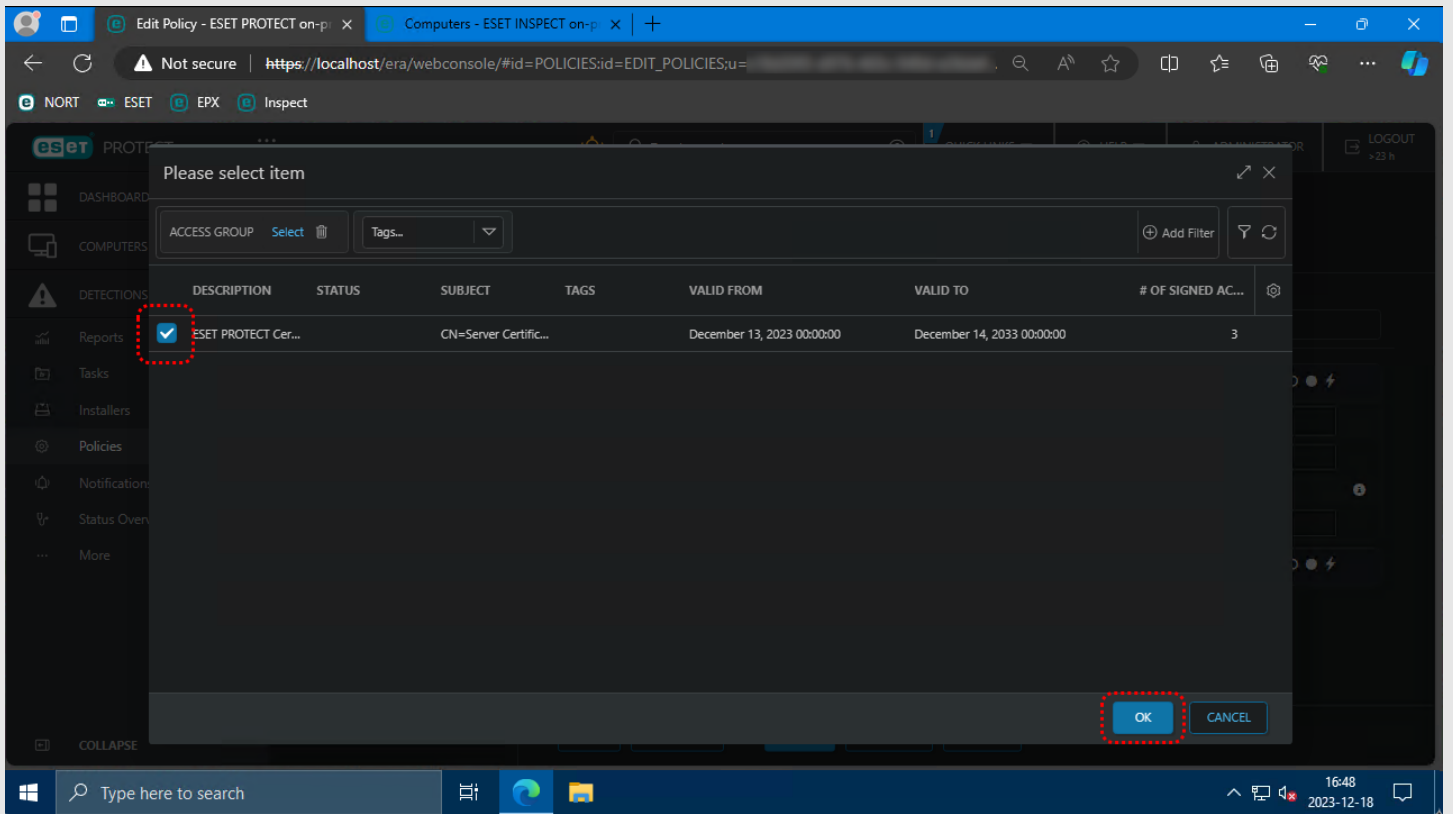

### [1] Policy

Prvo kreirajte policy:

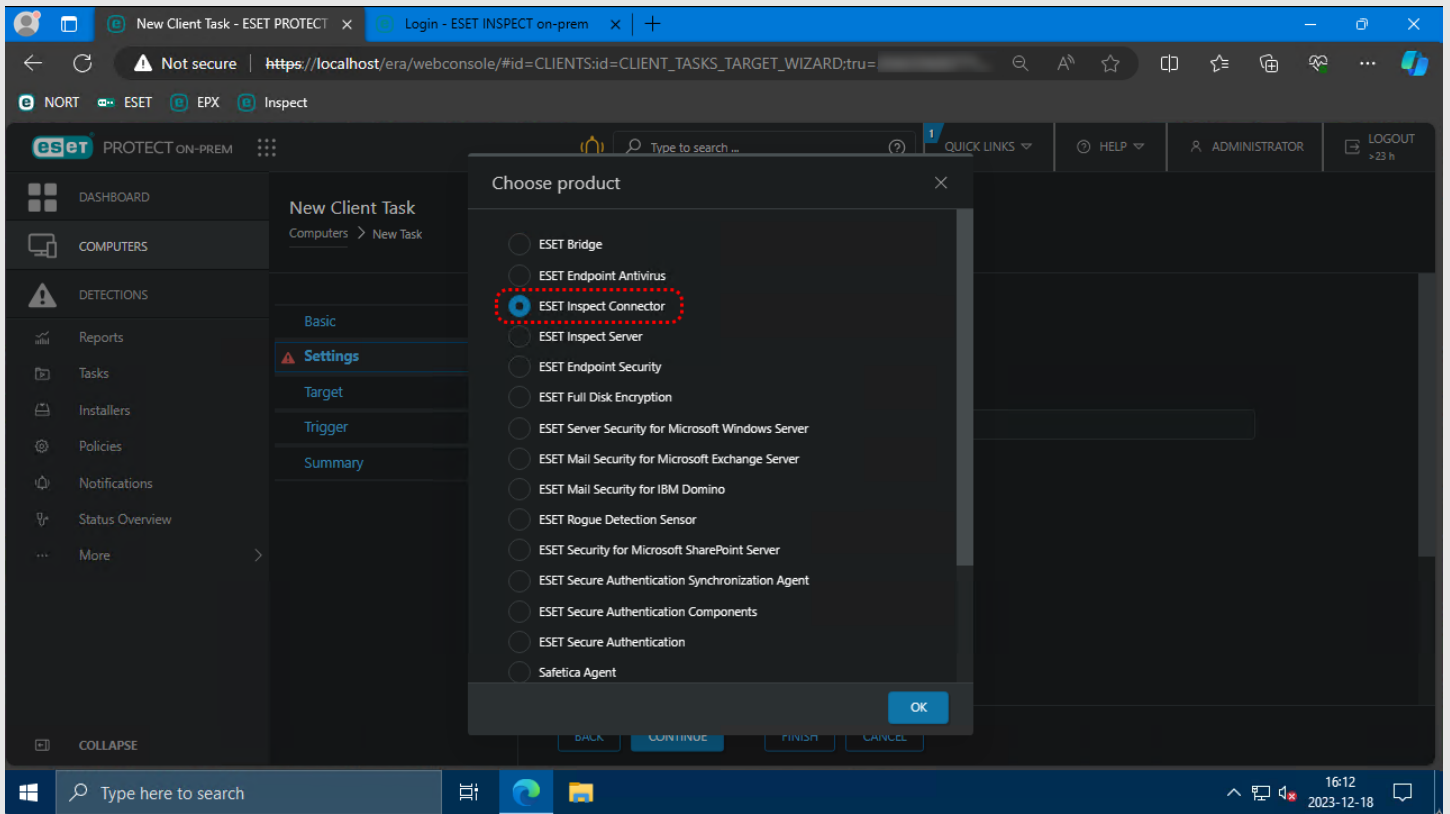

U policy dodajte certifikate authority s ESET Protect servera:

## [2] Instalacija

Nakon toga slijedite upute iz članka <https://www.nod32.com.hr/podrska/kb11973>, a u trenutku kada dođete do "Choose package from repository" odaberite "ESET Inspect Connector":

epx xepx inspect xinspect econnector xeconnector xconnector install xinstall push xpush ca xca certificate authority xcertificate xauthority
