

macOS - Allow extensions & full disk access (FDA)

Tema

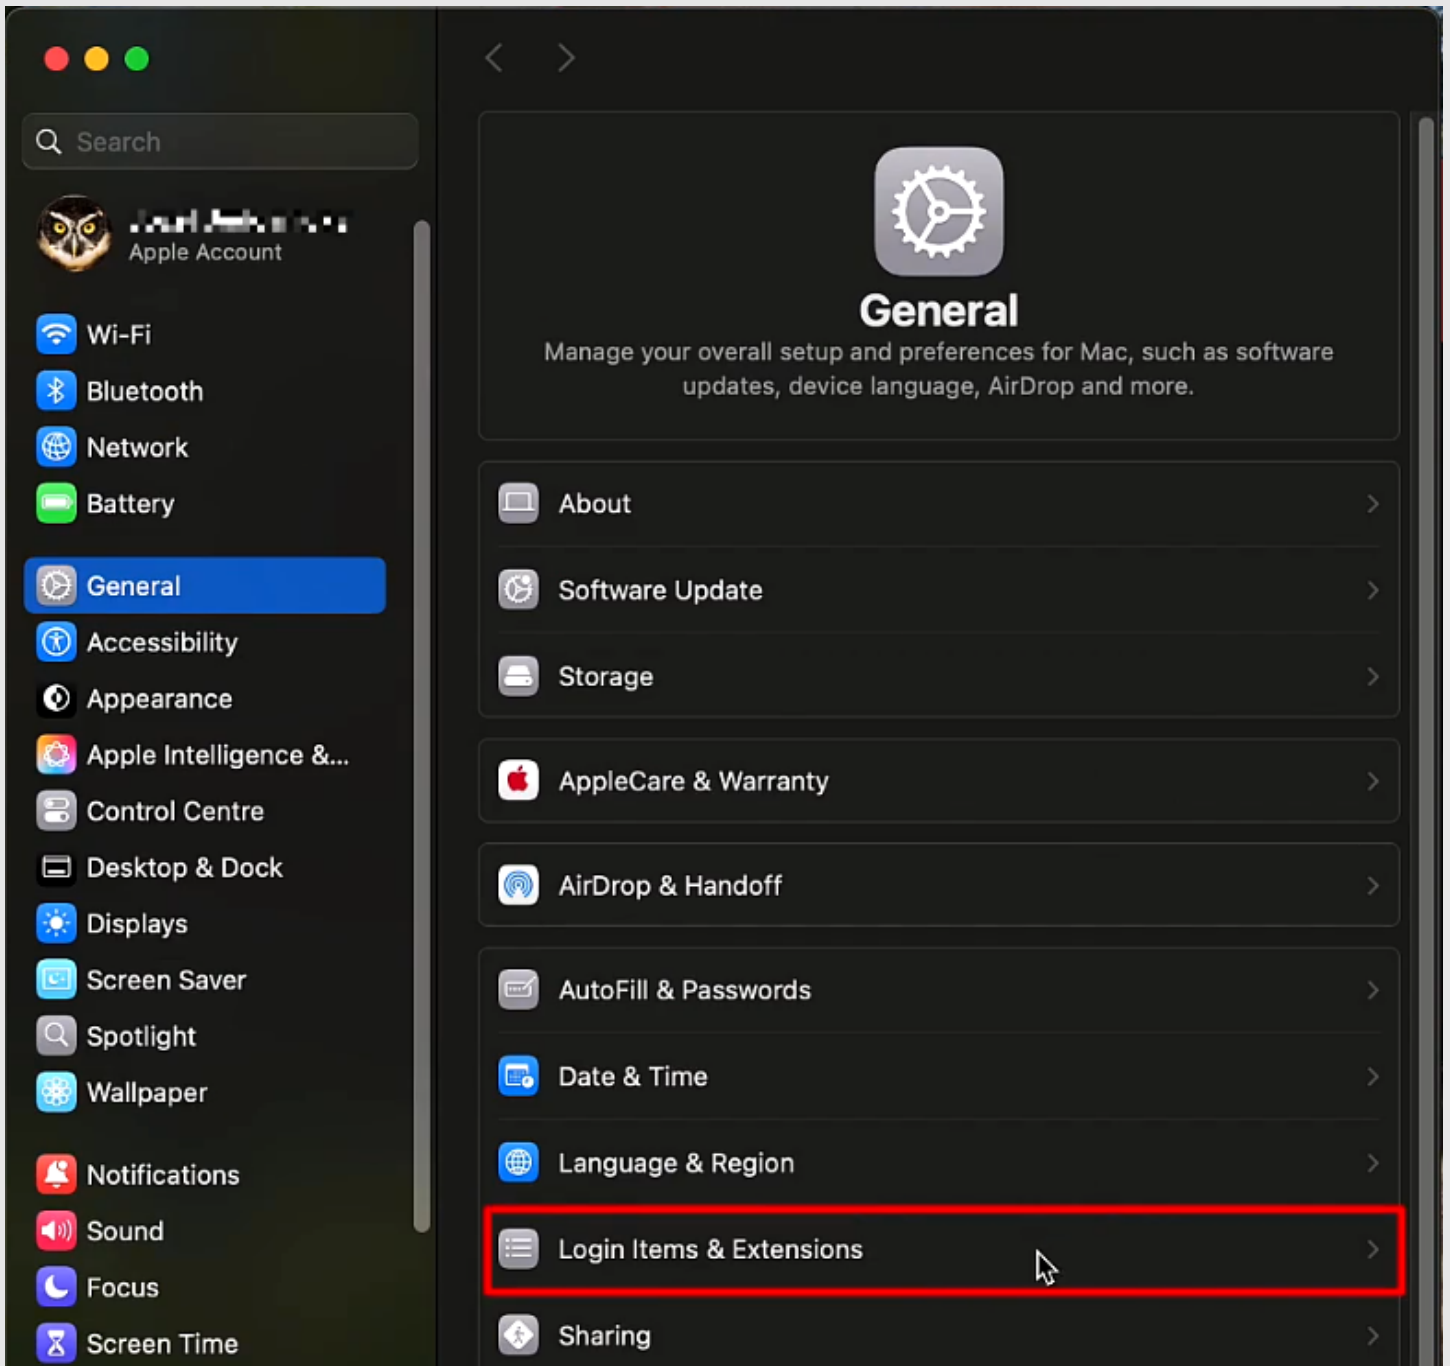

Nakon instalacije ESET-ovog programa za macOS, operacijski sustav zahtijeva dodatne intervencije u postavke.

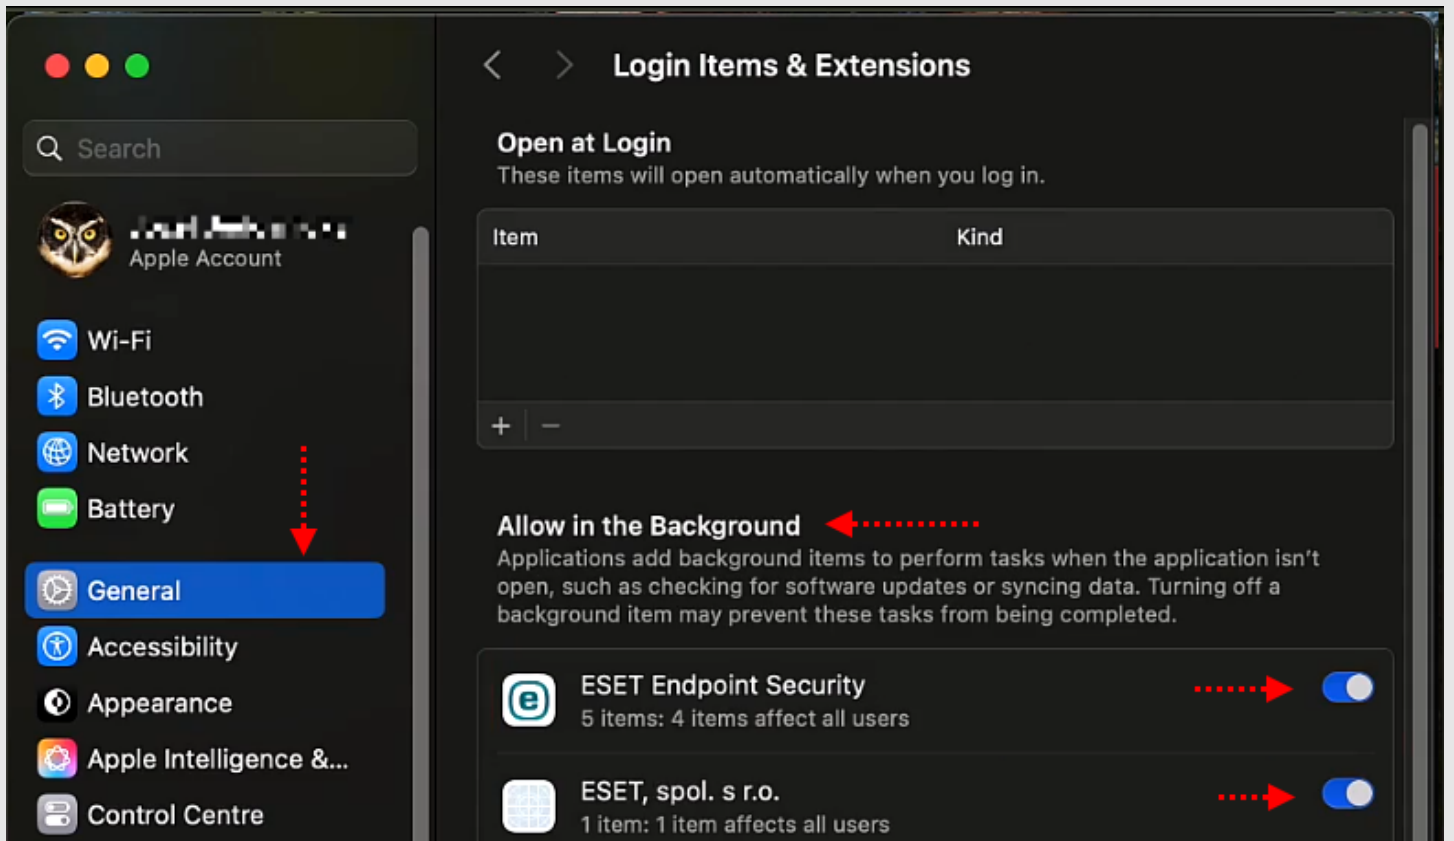

Problem

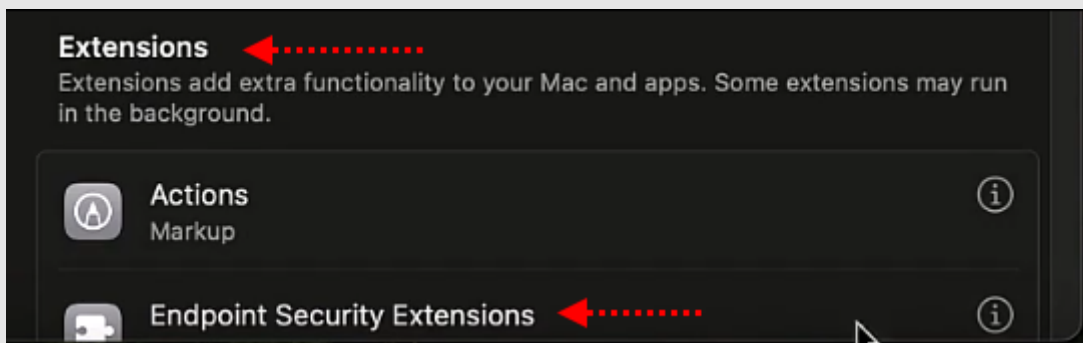

Rješenje

System settings >>

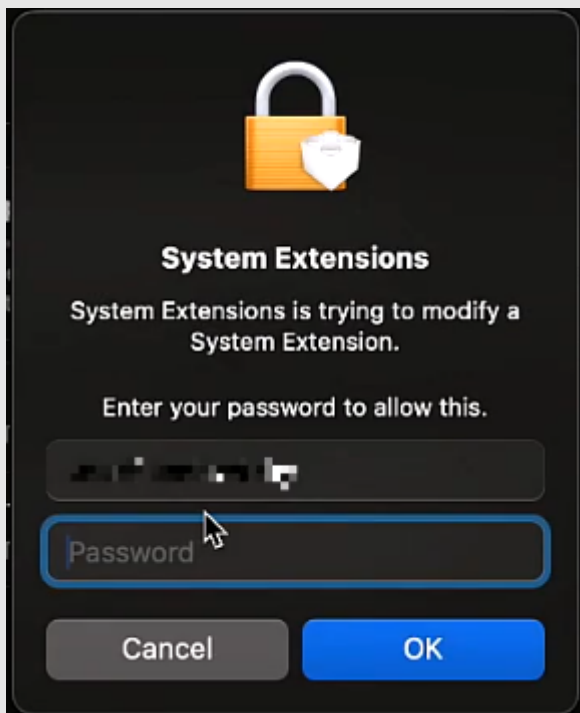

Kliknite na Extensions >> Endpoint Security Extensions

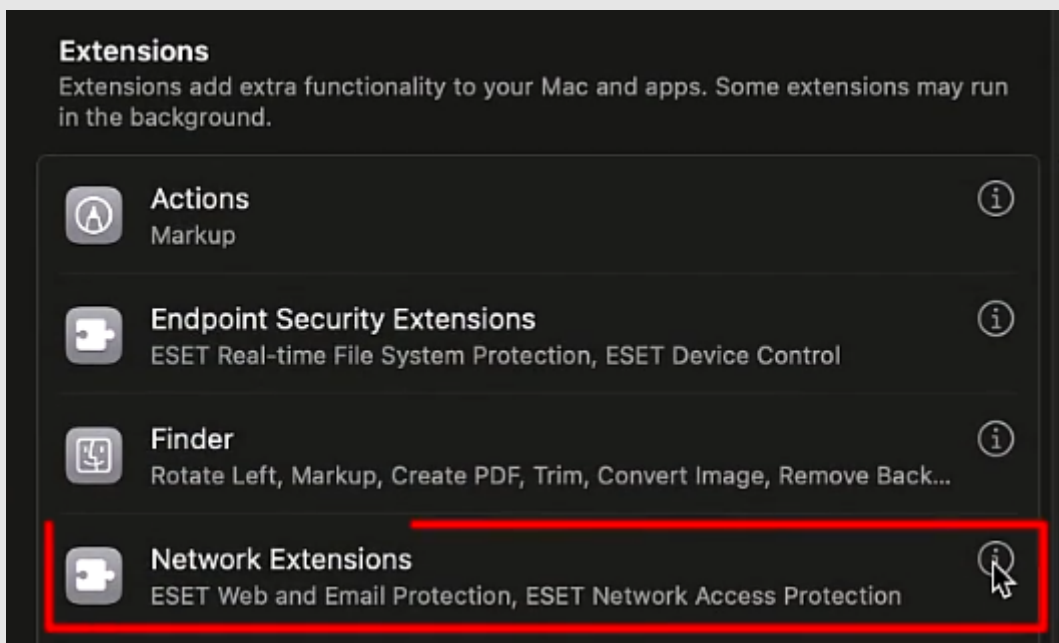

Uključite ESET Device Control i ESET Real-time File System Protection:

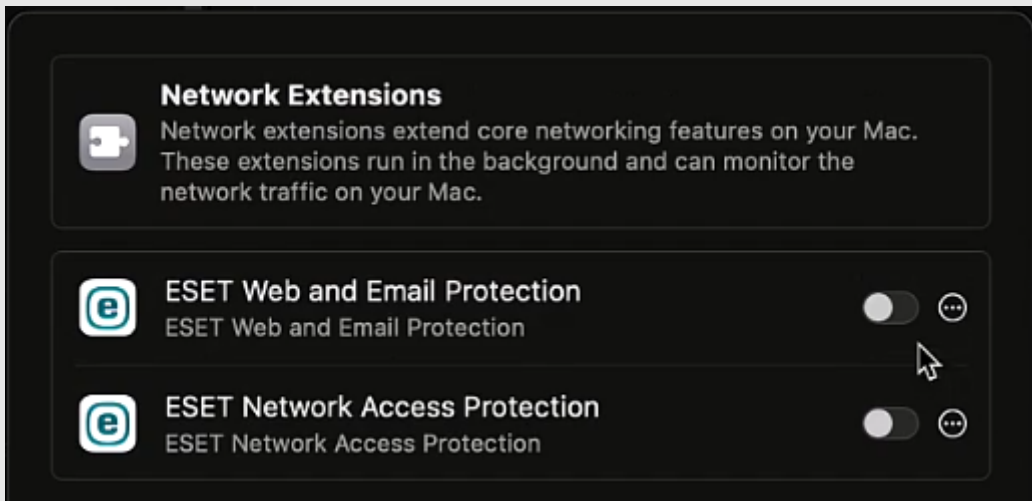

Za ovu radnju će biti potrebno upisati korisničko ime / lozinku:

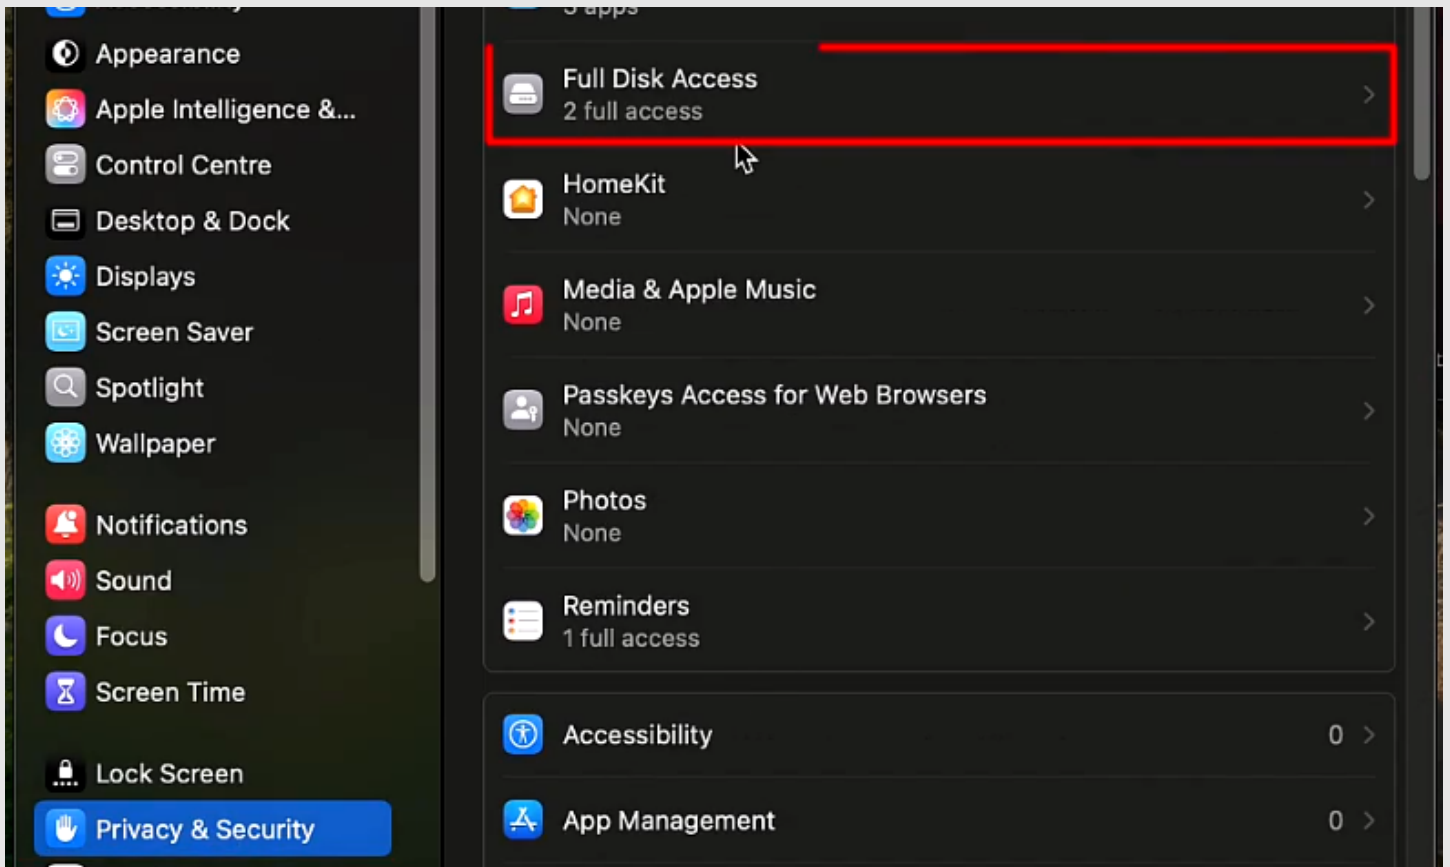

Otvorite Extensions >> Network Extensions:

Uključite i dopustite ("allow") ESET Web and Email Protection i ESET Network Access Protection:

Nakon toga otvorite Privacy & Security >> Full Disk Access:

Uključite ("Unlock") dopuštenje za sve ESET-ove komponente:
